SPRINGBOARD SOFTWARE CATALOG

SPRINGBOARD

DISCOVER The Possibilities

POSSIBILITIES. *Each Springboard software program inside is filled with possibilities. You will find new ways to communicate, develop your creativity and have fun as you explore the world of your computer. Whether it's a program that helps you desktop publish, assists you in making a certificate or encourages your child to learn the ABC's, every one offers you its own opportunities.*

These days, there are thousands of software titles to choose from, but few really do what they promise. We spend an extraordinary amount of time developing, testing and preparing our software and customer support policies to meet the needs of people just like you. The result is a selection of exceptional and very useful software.

We are proud of our programs and believe that Springboard offers you some of the best software available today. Software that helps you discover the possibilities.

Let Springboard Publisher help you discover the possibilities of desktop publishing.

Customer Service With You In Mind

Your needs come first at Springboard. That's why our software and customer service policies are designed with you in mind. You can count on us.

Customer Support Hotline
The trained professionals in our Customer Support Department are ready to answer any technical questions you might have. Call 1-612-944-3912 weekdays during business hours.

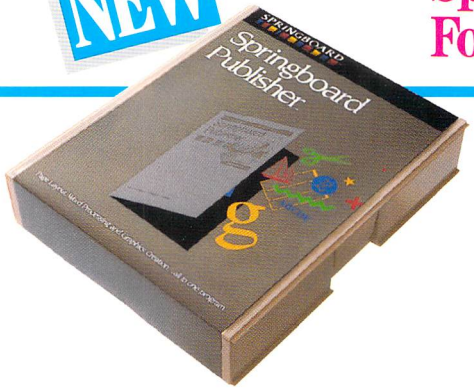
NEW

Springboard Publisher™ For the Macintosh®



The first desktop publisher you will use on every page, every day.

Hello, Springboard Publisher.™ Good-bye, word processing. Springboard Publisher is the desktop publisher you can use on every page, every day. It's easy enough for your first memo, good enough for your most spectacular presentation, affordable enough to work with today! With Springboard Publisher, you'll have just one word for your word processor. "Good-bye."

You get 3-in-1 integration, not separate programs.

Ordinary word processors offer good text handling, but forget that "a picture is worth a thousand words." Graphics programs focus only on the images. And other desktop publishers concentrate on page layout, period. Springboard Publisher gives you all three—**Page Layout, Word Processing and Graphics Creation**—in one integrated program.

All three functions are at your fingertips, at all times. So you can "click" your way from layout to text to graphics without ever leaving your page. Or juggling between programs. It's all so simple. So affordable. So much more fun than plain ol' word processing.

What's more important is that Springboard Publisher helps you communicate more effectively, persuasively and dramatically. Every day. In practically everything you do.

FREE* Works of Art.™

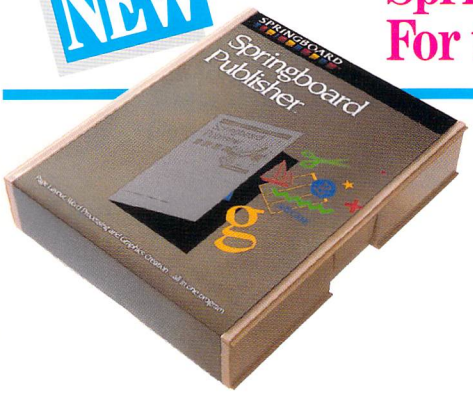
Version 2.0

Springboard Publisher™ For the Apple® II



Page Layout, Word Processing and Graphics Creation...all in one program.

Springboard Publisher™ is the first Mac-like desktop publisher for the Apple II to combine powerful page layout, word processing and graphics creation into one program. There's nothing else like it.

One integrated program instead of three separate programs.

Many desktop publishers make you juggle three different programs every time you want to create a page. But with Springboard Publisher, everything you need is at your fingertips. Mac-like pull down menus give you instant access to all features. So, you never have to switch programs. You never have to leave your page.

New Springboard Publisher™ version 2.0 is fast, laser sharp and better than ever.

Introducing the new Springboard Publisher version 2.0. We put in three times the speed, laser support and a bundle of value. With Springboard Publisher 2.0, you get faster overall performance—particularly on an Apple IIGS. Improvements vary depending on hardware, but some functions are more than three times faster.

Springboard Publisher™ Laser Driver is now built in. That's a $39.95 value, absolutely free. Finally, you can use the high-quality fonts built into your LaserWriter® printers, plus get laser sharp output.

FREE products worth $235.00.

For $139.95, Springboard Publisher™ 2.0 is a great value. Plus, you can also get up to $235.00 worth of FREE products.

- Springboard Publisher™ Laser Driver, mentioned above ($40 value).
- Springboard Publisher™ Style Sheets—Newsletters ($30 value).
- Coupon for a free Works of Art™ Sampler* ($40 value).
- Coupon for $125 off the purchase of an Applied Engineering™ RAM disk.

2.0 Upgrade available.

Call 1-800-445-4780 for details.

Item:	**1400**
Ages:	10-Adult
Compatibility:	Apple IIe, IIc, IIc Plus, IIGS

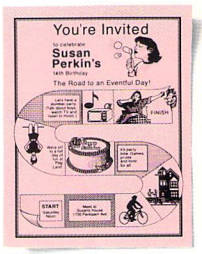
Price:	$139.95

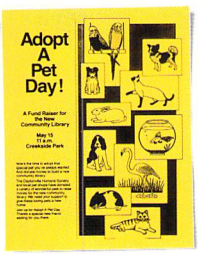
Educators: Lab Packs Available — Lab Pack

Available in 5¼'' & 3½'' disks. Requires 128K and a 1 MEG RAM disk; Apple ProDOS. Mouse, hard disk and speed-up cards optional.
*$5.00 postage and handling fee.

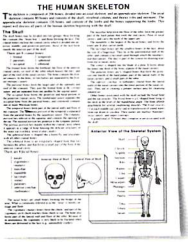
Communicate with customers.



Make your invitations more inviting.



Kick off a community campaign.



Add life to bare bones term papers.

NEW

Springboard Publisher™ For MS-DOS computers

Desktop publishing.

It's the hottest, the most intriguing software made today. Why? Because it helps you create pages that are visually appealing, often dazzling. But, that same desktop publishing software can also be the most expensive, most difficult tool for creating pages. Small wonder why most people have "stuck" with their ordinary word processors. Well, you don't have to settle for ordinary any more.

Springboard Publisher™ makes desktop publishing so easy, you'll choose it over word processing for just about everything you do, every day.

Springboard Publisher™ puts Page Layout, Word Processing and Graphics Creation all in one integrated program. With all three functions at your fingertips, you can mix text and graphics anywhere in your layout. Without switching programs. And without losing sight of your page.

What's more, you can change your layout as easily, or as often, as you change your mind. So why word process when you can desktop publish?

Based on Microsoft® Windows.

Springboard Publisher runs under Microsoft Windows, which is an operating environment that enhances the performance of DOS. It's a perfect environment for Springboard Publisher. You don't own Microsoft Windows? No problem. A runtime version of Microsoft Windows is included with Springboard Publisher.

FREE* Works of Art.™

Top Honors™

First-class laser awards, diplomas and certificates.

Top Honors™ is the premier program for creating professional awards and certificates worthy of framing. The difference shows in the output. Top Honors utilizes PostScript® laser printing technology to bring you first-class awards without the expense of conventional typesetting and printing.

Uncompromising flexibility in design.

The built-in ease and flexibility of Top Honors lets you create any type of certificate you want. Start with a pre-designed certificate template (portrait or landscape). Then, simply click on each design element you want in your certificate. You will get a full range of choices in borders, seals, graphics, font formats and sizes. You provide the words and the program does the rest. You can move elements or change them at any time.

Bonus laser font included.

A certificate program isn't complete without the classic Old German font. You get it FREE with Top Honors.

Old German

Special features and laser effects.

- 24 high-resolution borders.
- 10 EPS graphics included, or import an EPS or MacPaint image.
- 7 high-resolution seals.
- Choose curved or straight titles.
- Add body text.
- Add a date line.
- Up to 4 signature lines available.
- Merge feature creates certificates for an entire group or class.
- Select grey scales and use EPS graphics as watermark images.
- Resize EPS graphics up to full page size.
- Customize seals with curved text.
- Supports all built-in and down-loadable PostScript fonts up to 72 points.

Hidden Agenda™

Face the challenge of leadership in Central America.

From the ashes of revolution you have become Presidente.

What will you do now?

Inherit a wealth of corruption.

There was dancing in the streets of the small Central American country of Chimerica when the corrupt Farsante dictatorship was overthrown. You've just been made Presidente and your goal is to lead Chimerica out of its economic and social problems and establish stability within your three-year term of office. But the issues are complex, your opponents are powerful, and even your most trusted advisors may have hidden agenda of their own.

Appoint your cabinet...carefully.

You will not be alone in your decision making. Study the leaders of the three powerful and conflicting political parties. Then appoint as ministers those you believe will best advise you and help you balance the influence of these parties. Make appointments carefully, because one day they might execute you, rather than your orders.

The fate of a country is in your hands.

Your day will be full of encounters with diplomats, influentials, journalists and others. If you are to succeed, you'll need to learn the subtle art of working with people, smart, ambitious people. You'll need to understand how people bargain, negotiate and compromise their way to power. Each decision you make has its ramifications...some good, some bad, some obvious, some not.

A real game for the real world.

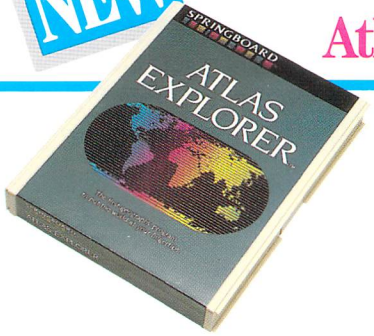
You never lead Chimerica the same way twice because Hidden Agenda keeps score the same way the real world keeps score. News and editorials from national and international sources inform you of local and world opinions. Progress charts monitor the economic and social trends of Chimerica. You can also peek into the future and read what the history books will say about you and your accomplishments. Even if you survive as Presidente, you may not survive the verdict of history.

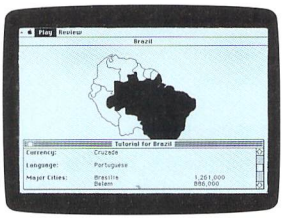
Ages:	12-Adult
Compatibility:	IBM PC, Tandy and compatibles*; Macintosh 512KE, Plus, SE, II
Copy-Protected:	No
Price:	$59.95

*Requires 512K memory, color graphics adaptor; available in 5¼" & 3½" disks. 5¼" disk requires two disk drives or hard drive.

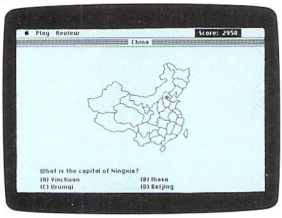
NEW

Atlas Explorer™

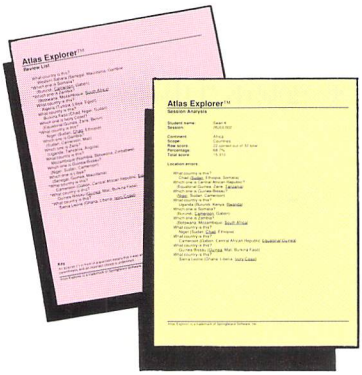




Learn world geography from pole to pole.
Educators are among the first to recognize the need to improve students' knowledge of world geography. And that's where Atlas Explorer, our world geography program, can make a world of difference.



Travel from Alabama to Zhdanov.
Detailed maps with pull-down menus will take you from continents to countries to states and provinces. You learn about population, area, language, capital cities and currencies, in addition to geographic and political boundaries.



Best of all, learning is a breeze with Atlas Explorer. The built-in tutorial lets you move at your own pace. And Atlas Explorer will quiz you on any location. Review the questions you miss on-screen or print out a study sheet. And, since Atlas Explorer keeps track of your performance, you can see how you improve. In other words, whether you're 8 or 80, Atlas Explorer makes learning world geography out of this world.

Item:	**2600**
Ages:	8-Adult
Compatibility:	Apple* IIe, IIc, IIc Plus, IIGS; IBM PC, Tandy & comp.**; Macintosh Plus, SE, II
Copy-Protected:	No
Price	$49.95

*Requires 128K memory; available in 5¼" & 3½" disks
**Requires 512K memory, color graphics adapter; available in 5¼" & 3½" disks

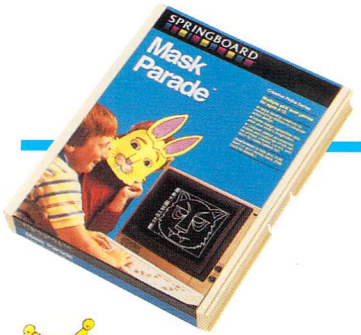
Educators: Lab Packs Available

Graphics Expander™ Volume 1

Expand the creativity of The Print Shop™ and PrintMaster™!
When those banners, cards, signs and letterheads need a fresh new look, go to Graphics Expander™ for the snappiest graphics ever. You get over 300 exciting new graphics packed with personality. Powerful drawing and editing tools let you combine and modify graphics or create original art.

Item:	**9900**
Ages:	8-Adult
Compatibility:	Apple II+, IIe, IIc; IBM PC, Tandy & comp.*; Commodore 64, 128
Copy-Protected:	Yes
Price:	$39.95 (Commodore $34.95)

Requires The Print Shop®; available in 5¼" disk only
*Requires IBM color graphics card, also works with PrintMaster®



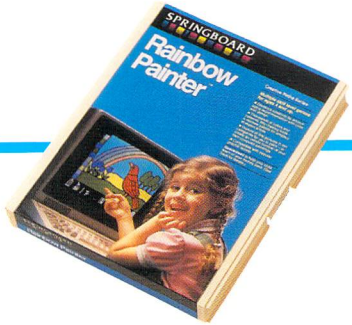
Mask Parade®

Mask Parade® unmasks a child's creativity.
What if a child could press a button and be transformed into anyone or anything? Like Groucho Marx, the Mad Hatter or even Frankenstein. Here is an imaginative program that lets children do just that.

Mask Parade helps children design and print out authentic costume items like masks, hats, glasses, jewelry, ID badges and more. They can be cut out, colored and worn for hours of fun.

Item:	**9100**
Ages:	4-10
Compatibility:	Apple II+, IIe, IIc; IBM PC*
Copy-Protected:	Yes
Price:	$39.95

Available in 5¼" disks only
*Requires IBM color graphics card, DOS 2.1 or lower



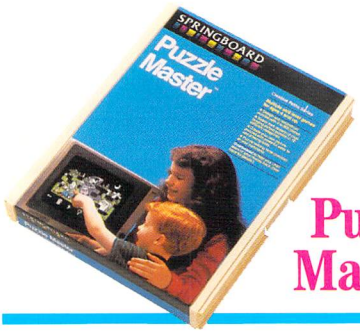
Rainbow Painter®

More flexible than a coloring book.
Rainbow Painter™ develops artistic creativity by encouraging play with color and design. A child can color the same illustration again and again, experimenting with new colors and patterns each time. Or a child can start with a new illustration from one of 10 categories like dinosaurs or outer space.

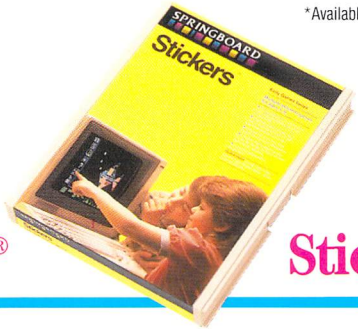
Pick a drawing from the dozens available. Paint it with any of 50 drawing brushes in any of 120 different colors or patterns. Add lines, boxes, circles or simply draw freehand. No keyboarding skills are required.

Item:	**9300**
Ages:	4-10
Compatibility:	Apple* II+, IIe, IIc, IIGS; Commodore 64
Copy-Protected:	Yes
Price:	$34.95

*Available in 5¼" disk only



Puzzle Master®



Stickers™

Puzzle lovers! Test your skill with computerized jigsaw puzzles.
Puzzle Master has dozens of high-resolution puzzles to solve. Choose scary pictures, cartoons, reptiles or one of seven other categories or create your own. Multiple skill levels let a four-year-old break a picture into a few pieces, while an adult can enjoy an 800-piece brain scrambler.

Item:	**9200**
Ages:	4-Adult
Compatibility:	Apple II+, IIe, IIc, IIGS
Copy-Protected:	Yes
Price:	$34.95

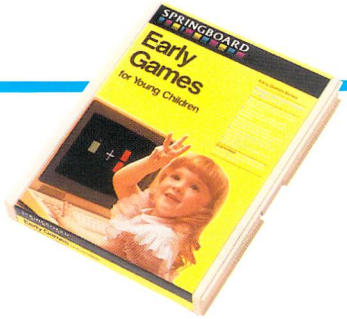
Available in 5¼" disk only

Discover the world of shapes and colors with Stickers.™
With Stickers,™ children create pictures by selecting stickers, coloring, rotating and dropping them into matching shapes. They can build a flower, a fort, a flying fish or their own design.

Item:	**7500**
Ages:	4-12
Compatibility:	Apple II+, IIe, IIc, IIGS; IBM* PC; Commodore 64
Copy-Protected:	Yes
Price:	$34.95

Available in 5¼" disk only
*Requires IBM color graphics card

Early Games For Young Children™



Introduce children to the fun of computer learning.

Young children are eager to learn. To encourage their learning, start them out with Early Games for Young Children.™ This program introduces children to basic educational concepts, even before they can read and write. They learn how to recognize shapes and letters, add and subtract, draw creatively, type with the computer and spell their names.

No other computer program offers such a stimulating variety of learning experiences for young children.

Item:	**7100**
Ages:	2½-6
Compatibility:	Apple* II+, IIe, IIc, IIc Plus, IIGS; IBM PC, Tandy & comp.**; Commodore 64; Macintosh 512KE, Plus, SE, II

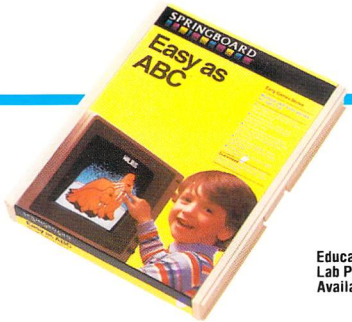
Price:	$34.95 (Macintosh $49.95)

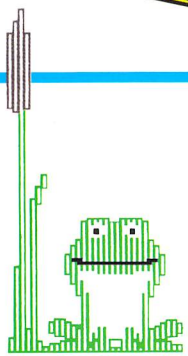
*Available in 5¼" & 3½" disks
**Requires IBM color graphics card; available in 5¼" disk only

Educators: Lab Packs Available Lab Pack

Easy As ABC®



Educators: Lab Packs Available Lab Pack



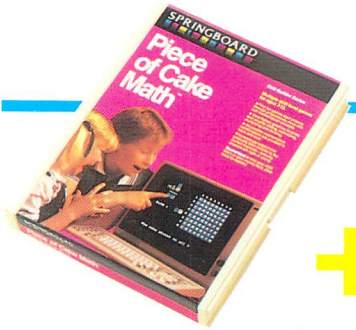
Learning the alphabet is Easy as ABC.®

Easy as ABC® is the fun way to learn the alphabet. Jumping frogs and soaring rockets keep children fascinated as they learn letter recognition, alphabetical sequence and upper and lower case letters.

*Available in 5¼" & 3½" disks
**Requires IBM color graphics card; available in 5¼" disk only

Item:	**7400**
Ages:	3-6
Compatibility:	Apple* II+, IIe, IIc, IIc Plus, IIGS; IBM PC**; Commodore 64; Macintosh 512KE, Plus, SE, II
Copy-Protected:	Yes (Macintosh & Apple 3½" not copy-protected)
Price:	$39.95 (Macintosh $49.95)

Piece Of Cake Math®



Learning math is a piece of cake.
Piece of Cake Math® offers five different learning games set inside a magical, computerized bakery. In "The Bakery" students practice addition and subtraction as they keep track of production and sales of cakes.

Each game takes children through more advanced levels of addition, subtraction, multiplication and division. They also receive helpful hints and explanations of right and wrong answers. Suggestions for additional activities on and off the computer are included.

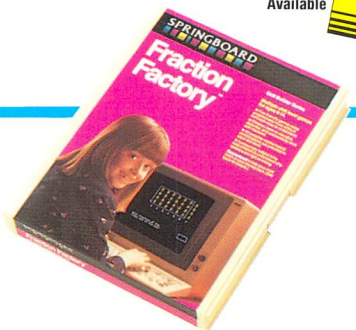
Item:	**8200**
Ages:	7-10
Compatibility:	Apple* II+, IIe, IIc, IIGS; IBM PC**; Commodore 64
Copy-Protected:	Yes (IBM 3½" format not copy-protected)
Price:	$34.95

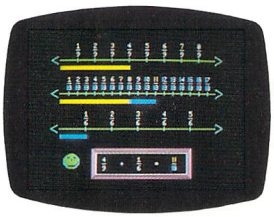
*Available in 5¼" disk only
**Requires IBM color graphics card; available in 5¼" & 3½" disks

IBM 3½" disk format now available

Educators: Lab Packs Available Lab Pack

Fraction Factory®





Fraction Factory® puts the *whole* into perspective.
Through five fun-to-play games, students learn to describe fractions, identify equal values with different denominators, add and subtract fractions and multiply fractions by whole numbers. Each game includes colorful graphics and musical sounds that help clarify the relationship between fractions and whole numbers.

In addition, Fraction Factory®'s instruction book suggests new learning activities to reinforce the understanding of fractions.

Item:	**8100**
Ages:	8-14
Compatibility:	Apple* II+, IIe, IIc, IIGS; IBM PC**; Commodore 64

ORDER FORM

DISCOVER • SPRINGBOARD • SOFTWARE

SPRINGBOARD™

For Your Convenience

If you can't find the Springboard title you want at your favorite software retailer, you can order it directly from Springboard. Here's how you can order:

ORDER BY PHONE

To order by phone, call **1-800-445-4780 ext. 2000** (inside U.S. and Canada), all other locations call 612-944-3915. Hours for ordering are Monday through Friday, from 8:30 a.m. to 4 p.m. (Central Standard Time). When ordering by phone, you may use either VISA or MASTERCARD. We cannot accept any other method of payment for phone orders.

ORDER BY MAIL

To order by mail, fill out the order form enclosed and return it in the attached postage-paid envelope. Include your credit card information, money order or check with each order. All prices are in U.S. dollars. We accept VISA or MASTERCARD. Make checks payable to: **Springboard Software, Inc.** We cannot accept cash or C.O.D's. School purchase orders are accepted. Please total your order and add $5.00 for shipping and handling (U.S. and Canada). Minnesota residents add 6% sales tax.

INTERNATIONAL ORDERS (Outside of U.S. and Canada)

We will accept international orders with payment by VISA, MASTERCARD or international money order in U.S. dollars only. Please total your order and add $15.00 for shipping and handling. No other form of payment will be accepted for orders outside of U.S. and Canada.

SHIPPING INFORMATION

We ship primarily U.P.S. However, for certain rural routes, we ship parcel post. Your order will be processed accordingly. Please allow two to three weeks for delivery. All international orders shipped International Surface, allow four to six weeks for delivery.

MONEY-BACK GUARANTEE

If, within 30 days after receipt, you are not completely satisfied with one of our products, please send the software, its package and your sales or shipping receipt to us for a refund of your full purchase price.

It's Easy To Order

Use the form below for all mail orders. Or use it as a worksheet for phone orders. Please enclose the form below with your payment in the postage-paid envelope provided.

Name _____

Street Address (No P.O. Box) _____

City _____ State _____ Zip _____

Day Phone ( ) _____ (In case we have a question about your order)

Item Number	Product Title	Computer Compatibility	Disk Size	Qty.	Unit Price	Total

If you are ordering more than one of the same program, multiply the price by the quantity to calculate the total cost for each line. When only ordering the demo disk, do not add the shipping and handling charge.

Important Information: Springboard will accept orders by phone or mail. U.S. and Canada orders may be placed using Visa, MasterCard, money order or school purchase order. Orders outside of the U.S. and Canada may be placed using Visa, MasterCard, or international money order ONLY. All orders must be in U.S. dollars. No cash, C.O.D. or P.O. Box accepted. Please allow 2-3 weeks for delivery within U.S. and Canada, and 4-6 weeks for international. Copy this form for additional orders.

Subtotal	
MN residents add 6% sales tax	
U.S. & Canada add $5.00 for shipping & handling—all others add $15.00	$5.00/$15.00
Grand total (in U.S. dollars)

Springboard Lab Packs

New value for educators: Lab Packs for our most popular products.

Springboard offers outstanding educational software products. Including many award-winners. And now we offer greater value to educators with Lab Packs.

Springboard Lab Packs include:

- 5 program disk sets
- 1 documentation manual set and
- 5 quick reference cards (Springboard Publisher™, The Newsroom® and The Newsroom Pro™).

You get all of this for just twice the price of a consumer version. So educators can afford to fill the classroom with more high quality software. And students can work at their own pace.

Order information.

Lab Packs are only available to educational institutions with a school P.O. To order Springboard Lab Packs, complete the enclosed order form using the order information below. Enclose your school P.O. and send to Springboard.

*Product shipped in 5¼" version only. A disk swap card for the 3½" version is included inside the package. Requires $5.00 postage and handling.
